Name	Munira Mohammed Al-Othman	Sex	F
Date	22 JUN 2025	Age	70
Referring Clinic	BAITNA MEDICAL SERVICES	Record No.	ADC00153742
Referring Physician	PERSONAL		
Exam Name: PORTABLE X-RAY ONE VIEW			

TECHNIQUE: frontal chest radiography.

COMPARISON: None available.

CLINICAL DATA: Cough.

FINDINGS:

Accentuated bronchovascular markings with no detectable consolidations. Veil like shadow seen overlapping the left lower lung zone and left costophrenic angle continuous with the left cardiophrenic angle likely pericardial fatpad shadow.

There are no pleural effusions or pneumothoraces.

The cardiomediastinal and hilar silhouette is unremarkable.

No osseous or upper abdominal abnormalities are detected.

IMPRESSION:

Accentuated bronchovascular markings which could be related to bronchitis for clinical correlation.

Verified and Signed	Allied Diagnostics Center Dr. Ayman Jowhary	Date:	June 23, 2025
